\*Membership will be available to purchase at event  
\$10 for students and \$20 for individuals/families

WHAT: Ongoing assessment of a threatened site in the Porcupine Hills  
Area surveying & shovel testing

RSVP to [arky.lethbridge@gmail.com](mailto:arky.lethbridge@gmail.com)

The ASA Lethbridge Centre is looking for volunteers to aid in the ongoing assessment of a threatened site in the Porcupine Hills, DIPI-1. Volunteers will meet at the Head-Smashed-In Buffalo Jump overflow parking lot, and then will convoy out to the site which is approximately a 30 minute drive. This event continues to build off of previous assessments held in 2016, 2018, 2019, 2020, and 2022.

Volunteers will participate in surface survey to monitor erosion and shovel testing to determine site boundaries and assist with expanding our knowledge of the site. Participants must bring a lunch, sufficient water for the day, and plenty of sunscreen and bug spray. Volunteers must also wear adequate footwear as the trail and forest floor can be uneven and slippery. Participants are responsible for bringing their own work gloves for participating in shovel testing and excavations.

**Directions from Lethbridge to HSIBJ:** Take Highway 3 west from Lethbridge to Fort Macleod. Exit north onto Highway 2 then turn onto Highway 785 (signs for HSIBJ). Turn west onto Highway 785 and travel for approximately 16 km. Park in the overflow parking lot at HSIBJ, which is the first parking lot on the north side of Highway 785.

*Note:* From HSIBJ, the site is accessed by gravel road and may be inaccessible to some vehicles depending on the road conditions. Carpooling can be arranged at the overflow parking lot depending on the need.

### DIPI-1 Site Revisit

July 20, 2024 | Meet at HSIBJ Overflow Parking Lot at 9:30 AM

Remember to RSVP to [arky.lethbridge@gmail.com](mailto:arky.lethbridge@gmail.com)

Bring plenty of water, lunch, good shoes, and working gloves!

See you there!
